

## Pictionary : Direct a draw

### **Description of the activity:**

- Students are put in pairs or groups of 3.
- Each team chooses one person to begin directing ; this position rotates with each graph. Directors look at the board and their team mates turn their backs to the board
- Display the first graph : The director directs his/her team mates to draw what's shown on the coordinate plan within the allotted time.
- When the allotted time is over , each team shows its graph(s) : when a graph is correctly drawn, the team wins one point.
- Rotate the director and go on with the second graph.
- Add up the points at the end of the game to get to know the winner of the game.
